Semiannual Regulatory Agenda

NATIONAL INDIAN GAMING COMMISSION (NIGC)

NATIONAL INDIAN GAMING COMMISSION

25 CFR Ch. III

Semiannual Regulatory Agenda

AGENCY: National Indian Gaming Commission.

ACTION: Semiannual regulatory agenda.

SUMMARY: The National Indian Gaming Commission (NIGC) today is publishing an agenda of its open and anticipated rulemaking actions. The agenda is a general announcement to the public intended to provide notice of rulemaking actions in which the public may wish to participate. In the future, the Commission intends to issue notices of proposed rulemaking or advance notices of proposed rulemaking, or final rules for the following: rules establishing technical standards for game classifications; rules establishing technical standards for gaming machines and associated equipment; rules revising Freedom of Information Act Procedures; rules revising Privacy Act procedures; rules establishing a process for the assessment, notification, and collection of debts owed the NIGC; rules revising tribal background investigation submission requirements and timing; rules concerning hearings and appeals procedures; rules concerning enforcement; rules revising

the scope and review of management contracts; rules concerning net gaming revenue; rules concerning gaming facility licensing standards; rules implementing the National Environmental Policy Act (NEPA); and rules concerning technical amendments to the Minimum Internal Control Standards. The Commission invites questions and public comment on individual agenda items.

SUPPLEMENTARY INFORMATION: In accordance with Executive Order 12866 “Regulatory Planning and Review” and the Regulatory Flexibility Act, 5 U.S.C. 605, executive agencies are required to publish semiannual regulatory agendas in the **Federal Register** each year.

The regulations being considered by the Commission are not “significant” rules within the meaning of E.O. 12866, and no Regulatory Impact Analysis is required. The Commission also has determined, under the Regulatory Flexibility Act, that most of the regulations under consideration will not have a significant economic impact on a substantial number of small entities. For these regulations, no Regulatory Flexibility Analysis is required. The Commission has not yet determined

whether the rules implementing the National Environmental Policy Act, the Privacy Act, or gaming facility licensing require a Regulatory Flexibility Analysis. The proposed rules are not covered under section 202 of the Unfunded Mandates Reform Act (Pub. L. 104-4), as they are not Federal mandates that may result in an expenditure of \$100 million or more in any one year by State, local, or tribal governments, in the aggregate, or the private sector. Further, these proposed rules are not considered major under 5 U.S.C. 801 enacted by Public Law 104-121, and, therefore, are not subject to section 801’s 60-day deferral requirement. The Commission has not yet determined whether the technical amendments to the Minimum Internal Control Standards, technical standards for game classifications, technical standards for gaming machines and associated gaming equipment, or the Privacy Act procedures are a major rule.

This edition of the Unified Agenda of Federal Regulatory and Deregulatory Actions includes The Regulatory Plan, which appears in part II of the **Federal Register**. The National Indian Gaming Commission’s Statement of Regulatory Priorities is included in part II.

Philip N. Hogen,

Chairman, National Indian Gaming Commission.

Major status under 5 USC 801 is undetermined.**Unfunded Mandates:** Undetermined**Legal Authority:** 25 USC 2706**CFR Citation:** 25 CFR 501**Legal Deadline:** None

Abstract: It is necessary for the National Indian Gaming Commission (NIGC) to promulgate regulations establishing technical standards for game classifications because of the distinction between class II and class III gaming set forth in IGRA. Technical changes make it difficult for regulators to keep up with the gaming industry. By establishing technical standards, tribal gaming commissions, the primary regulators of tribal gaming, will more easily be able to distinguish between class II and class III machines. Further, it is necessary for the Commission to establish technical standards for the actual operation of gaming machines and systems and the equipment related to their operation.
